

Regenerative Wanaka

Fostering
biodiversity
and wellbeing
all together

Sharing a vision of a beautiful regenerating region
with thriving resilient communities

by

Growing a network of biodiversity parks and corridors,
with public access and local food.

Regenerative Land zoning

Key, voluntary,
simple & potent
new QLDC zoning

- Preserving land from subdivision,
- Tax rebate and support
- Agreement for landowner to regenerate* the land
- Option to open access to the community

*for example based on 17 UNDP Goals

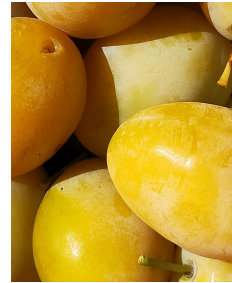

Regenerative Corridors

Biodiversity and
community
enhancing

- Biodiversity enhancing, carbon capture, native or not, no monoculture
- Whichever way guardians choose to regenerate* the land
- Enhanced walking and biking network for locals connexions and visitors delight.
- Local food production variety of structures

Creating a beautiful low carbon resilient community and sharing with the world

Regenerative Culture

Alignment of people/organisations
purposes and capabilities.

The Best People, at the Best Time
at the Best Place, pulling together
to regenerate our district.

Decarbonise & Localise

Regenerative Entry Points

How can I help?

Contribute - Regenerative Wanaka Facebook Page
At all level, household, business, work, organisation
Creativity, openness, sharing, pulling together now

Do you put your name to it?
